

I've Got Something *Donald Lawrence & Company*

(Sop & Alto)

I've got something this world can't take away

I've got something this world can't take away

(Solo)

He has given me joy within

His word has blessed me once again and

His word has taken all my fears away

It has brightened my day

Thank You, Lord, for sending Your word to brighten my day

I don't care, I don't care what this world has to say

'Cause I'm gonna keep on, I'm determined to keep on

I'm gonna keep on speaking God's Word everyday

'Cause I've got something, ooh I've got something

I've got something that this ol' world can't take away

(All)

I've got something this world can't take away

(Sop & Alto) No, no matter what they do or say

(All) I've, I've, oh I've, I've got something this world can't take away

(Sop & Alto)

I've got something this world can't take away

(Vamp)

Away
