

“Leave it in the Hands of the Lord”

Supreme 7

VS1

You work hard all week long
One hour your money's gone
Bills are high and the rent is due too
Without the Lord it would all fall through
There's no need to worry
No need to fret
Jesus is still there
He hasn't left yet

CHORUS

Leave it in the hands of the Lord (4x)

VS2

People talk all over this land
Instead of lending a helping hand
Talk about me as much as you please
The more you talk, I'm gonna bend my knees
They will talk about you
And they'll talk about me
Don't you worry about it
You just stay right there on your knees

CHORUS

Leave it in the hands of the Lord (4x)

BRIDGE

He'll make it alright
He'll make it alright (oh)
He'll make it alright
He'll make it alright

VAMP:

He'll make it alright
