

Standing in the Safety Zone Fairfield Four

VS1

A-while strolling along life's *highway *(“hmmm...lekah-leka-leh”)

There arose a mighty storm

I heard a voice from Heaven saying

you're standing out there alone

And I thought about King Jesus

And I folded up my arms

And I **started out for Heaven**

Oh, and I stepped in the safety zone

CHORUS

Oh, I'm *standing in the safety zone

So many times I stand alone

Oh, when all of my friend deceive me

And they cause me to weep and mourn

Oh, I'm standing in the safety zone

So many times I stand alone

And if you **want to get to Heaven**

Oh, you better step in the safety zone

VS2

Well how *well do I remember

Oh when first I found the Lord

He filled my heart with joy

Then He wrote my name above

I started for that Kingdom

Someday I'll reach my home

Well I **started out for Heaven**

Oh, and I stepped in the safety zone

CHORUS
