

Use Me *The Williams Brothers*

All the birds in the sky (they give You praise)
The sun in July (marvels Your grace)
The rocks on the ground (exalt Your name)
So use me, oh Lord (to do the same)

Use me, use me, use me for your glory (2x)

I have a story to tell (of that day)
When you saved me from Hell (saved me by grace)
I'm gonna tell the world that (Your love is free)
And I'm hoping to be used Lord (so Lord use me)

Chorus (repeat 1x)

LEAD: Lord here's my all
And I've heard your call
On my knees I fall to worship You

No more days of old
You renewed my soul
Take complete control
I want to be used by You (modulate)

Oh the rivers flow so freely (just like Your love)
And you didn't have to free me (set me free like a dove)
So broken now I'm completely (healed by Your touch)
I'll never be alone 'cause (You loved me so much)

Chorus

Bridge
Use me
Use me
Use me
Use me, for Your glory
(repeat 3x)
